Representative Smith Says People Will Not Let "Big Interests" Have Veto Power in Supreme Court. Outcome Still Is Uncertain.

[Special to The Times-Dispatch.] WASHINGTON, January 30.—At the end of forty-eight hours of speculation, official Washington to-night is still uncertain as to the confirmation of louis by the confirmation of official Washington to the confirmation of Louis D. Today's developments corroborate earlier day's developments corroborate earlier opinions that there will be delay in acting on the nomination. While it is a fact that sentiment for and against confirmation is about equally divided among those Senators willing to go on record, it is also true that fully one-half of the Senate has not yet up its mind.

A. & M. SOCIETIES WIN JOINT DEBATE

They Defeat Team From Alabama Polyto Their Credit.

(Special to The Times-Dispatch.) WEST RALEIGH, N. C., January 30. The literary societies at the Agricultural and Mechanical College are rejoicing at the victory which their representatives won last night over a team representing the Alabama Polytechnic Institute. The Agricultural and Mechanical speakers were D. A. Monroe, of Moore County, and J. F. Williams, Jr., of Charlotte. Their opponents were Armstrong Corey and D r across France, past army D. Saunders. The debate was judged past field division headquarters, by Chief Justice Walter Clark, R. W. D. Saunders. The debate was judged field hospitals, past the big guns Winston and Secretary of State J

The victory is more welcome because last year, the first year of Agricultural Polytechnic defeated Agricultural and Mechanical twice. In spite of these defeats and in spite of one at the hands of the University of Georgia, the Agricultural and Mechanical boys have worked with a will this year, and now have a victory to their credit.
